## Godzilla Endorses Jory For Fairfax Town Council

Fairfax, CA - Candidate for Town Council Jory Prum has just secured a very special endorsement, the star of motion pictures and television, and a worldwide icon of power and terror, Godzilla. The monster liked what Jory had to say at Candidates Night on October 15th and has given his endorsement to Jory. His movie partner Rodan could not be immediately reached for comment, although Mothra said he was going to vote for incumbent Lew Tremaine because of the Fairfax pesticide ordinance he was instrumental in passing. When asked why he would support Jory, Godzilla replied, "Because of his entertaining way of bringing some of the issues that plague Fairfax to the spotlight, and his visionary solutions to remedy these problems." When asked for specifics about his comment, he said that he "supports Jory's ideas about encouraging more bicycle riders to come to Fairfax by installing more bike racks in town." When asked for clarification, Godzilla replied, "It is easier to eat people on bicycles. Cars are so hard on the teeth." Jory added that it is also better for the environment and the community. **Godzilla says, "I am voting for Jory on November 4th for Town Council."** What is even more surprising is that Godzilla is a registered Fairfax voter and resident.

### Ask Jory

One Fairfax resident asks; **Jory, can you comment of your ideas for promoting business in Fairfax.**

Jory: I feel the town can do a better job of helping local businesses. First, we can expand the decorations in town to cover more than just the immediate downtown area. Visitors to Fairfax are already more than a quarter mile into town, past many businesses, before they are greeted with the "Welcome to Fairfax" banners the Chamber of Commerce worked so hard to put in place. If the Town decorates all business districts in a standard motif, it will become obvious that there are more businesses to patronize. I also feel that the Town, along with the Chamber of Commerce and local businesses, should hold some contests where advertising ideas are solicited in exchange for gift certificates and other prizes.

Another Fairfax resident asks; **What is your position on medical marijuana?**

Jory: Personally, I do not smoke and never have, but I do not have anything against those who do. I voted in favor of legalizing medical marijuana and will continue to support it.
